

	Ada Lovelace	Grace Hopper	Barbara Liskov	Lynn Connway	Workshop
8:00	Registration / Meet'n Greet				
9:00	Platinum foreword / Le mot du platine				
9:00	Making Software Better, Despite Having Users - Bill Venners				
9:45	FOSS is in Jeopardy - Jamie Allen				
10:30	Learn you advanced Akka Streams for great Good !  Heiko Seeberger - Scala & Ecosystem	Bake real-life apps with a handful of Free, Coproducts & Types, a sip of SI2712 & some Onions  Pascal Voitot - Type & Functional Programming	Type safe dependency injection in reactive applications  Grzegorz Wilaszek - Scala & Ecosystem	Functional patterns for scala practitioners  Clément Delafargue - Scala University	Lagom Microservices  Lutz Hühnken - Scala & Ecosystem 3h
11:30	Why do functional programmers always talk about algebra(s)?  Adam Rosien - Type & Functional Programming	Démarrer un projet frontend avec Scala.js & React  Antoine Comte - Scala University	Black-box testing with custom testkits  Ivan Kusalic - Scala & Ecosystem	Beautiful Scala  Marconi Lanna - Scala & Ecosystem	
12:30	Typelevel Scala Rebooted  Miles Sabin - Scala & Ecosystem	Implicits: pour faire des APIs simples, des DSL ou de la magie noire, ça marche comment ?  Quentin Adam - Scala University	REX akka dans une architecture microservice  Fabian Gutierrez, Joachim Rousseau - Scala & Ecosystem	Architectures micro-services sans HTTP  Julien Lafont - Scala & Ecosystem	
13:00 13:15		Akka stream from kafka to Druid  Olivier Nouguier - Scala & Ecosystem		Comment bien choisir son approche d'injection de dépendances ?  Simon Dumas - Scala University	
Déjeuner / Lunch					
14:30	GraphQL - a type system for your API  Oleg Ilyenko - Scala & Ecosystem	Recettes appliquées dans l'optimisation de Dataflow Spark  Hayssam Saleh - BigData & Machine Learning	Typeclasses — a type system construct  Andrea Lattuada - Scala & Ecosystem	Parser des fichiers avec des parser combinators !  George Dubus - Scala University 3h	Typeclass 101: ad hoc polymorphism in scala  Julien Truffaut - Type and functional programming 3h
15:30	Contextualiser au compile time pour observer au runtime avec Précepte  Julien Tournay - Scala & Ecosystem	A gentle introduction to Type Level Programming in Scala  Marcus Böhm - Type & Functional Programming	Monad Transformers, what and why?  Gabriele Petronella - Scala & Ecosystem		
16:15	Pause				
16:45	Swave - a fresh Reactive Streams Implementation  Mathias Doenitz - Scala & Ecosystem	Scala, Docker and Testing, oh my!  Daniel Brown - Scala & Ecosystem	Scalding + Cascading + TEZ = ♥  Sylvain Veyrié, Cyrille Chépélov - BigData & Machine Learning		
18:00	The End
